A Message from the President

On behalf of our executive, I would like to welcome back all our Skiers. I would also like to welcome new Skiers and visitors to the club. The long range forecast predicts lots of snow for December so hopefully we can get an early start. Our business plan was completed over the summer by Nola Chiasson and with the help of the executive & Herman's committee we should hear soon on the applications that were submitted for funding. The grooming equipment is ready to go and I know our groomers are also. Hopefully we can start to replace the equipment and make their job much easier. We have adjusted our fees slightly this year to help cover the expenses. We also included a life time membership fee for anyone wishing to take that route. We will also be working with businesses in the area to supply Ski packages to their customers. Please remember that we have Skis at the club for rental with free usage for kids 3 to 5 years old. I ask that you try and support our club this year as we move to upgrade our equipment and clubhouse. With your help I know we will be successful.

For more information visit CCNB's web site at www.xcski-nb.ca and ours at www.skimiramichi.com.

Looking forward to seeing you on the trails,
 Don Lynch, (622-7119) dlynch2@nb.sympatico.ca
