

The social committee is planning a Moonlight Ski for Friday Jan 26 at 7 pm at the old clubhouse. There could be snow so confirmation will be provided by Thursday should it need to be rescheduled

The new clubhouse will be open for free equipment pickup and trail fees (\$5 at night for adult non-members, free for non-member children on this occasion). The wood stove will be on with warm apple cider and a variety of food at no charge (donations for the grooming machine fund accepted). The lights will be on the 4 km Lighted Trail (Red Trail portion is an option, it is 2.5km).

The snowshoe trail is not lit but some people do it with headlamps, the full moon is Thursday. Moonlight skis were a popular social event for the club in years past and we hope to make them something for everyone to enjoy this season. Children are welcome.

Deana, for the Social Committee
